

Building your kitchen

Individual units come fully assembled, and simply bolt together.

1 Fairford BBQ Housing Unit

This unit houses the Burford 4 or 5 gas BBQ in stainless steel or black, with double door storage beneath!

2 Ceramic Egg Unit

Allowing you to introduce the most popular ceramic eggs into a Whistler kitchen, this unit gives customers the opportunity to build a Whistler kitchen around a charcoal BBQ.

3 Bar Unit

Designed for outdoor entertaining, this robust unit offers practical workspace for effortless hosting

4 Double or Single Door Unit

This heavy duty double door unit allows you to store and hide outdoor equipment within.

5 Gas Bottle Unit

Offering a double door gas bottle cabinet, designed to store and hide up to a 13kg gas bottle with a supporting slide-in shelf within.

6 Double or Single Door Fridge

Keep the entertainment flowing with cold drinks at hand in the lockable Fairford Fridge. Single Fridge handle assembly required.

7 90 Degree Corner Units

The 90 degree corner units offer ultimate versatility by allowing you to create an L or C shaped kitchen to suit your outdoor space.

8 Triple Drawer Unit

These durable, soft closing drawers provide ample storage space for those looking to keep cooking and entertainment equipment outside.

9 Sink

A large stylish sink unit with ample storage beneath, plastic bin included within.

10 Side Burner

The side burner provides you with a secondary heating source and searing tool, to use in line with the main BBQ burners.
